To: FitBT Innovations PH

Attention: Mr. John Joeffrey Barry, CEO

Subject: Letter of Intent to Partner for Digital Fitness Integration

Dear Mr. Barry,

We, **XYZ Fitness Center**, are pleased to express our intent to collaborate with **FitBT Innovations PH** in integrating your AI-powered fitness application into our gym operations. Our goal is to enhance member experience, improve safety through AI-driven form correction, and provide personalized workout recommendations to our clients.

We understand that FitBT offers features such as AI video analysis, personalized training programs, nutrition tracking, and gamified rewards. We are confident that implementing your technology will elevate the value proposition of our gym, attract more members, and encourage consistent engagement.

Proposed Scope of Collaboration:

1. Deployment of FitBT app access for all gym members (approx. 450 active users).
2. Joint marketing campaigns to promote digital integration.
3. Data-sharing agreement for anonymized user insights to improve AI recommendations.
4. Participation in gamified challenges and reward programs facilitated through FitBT.

We look forward to finalizing a formal partnership agreement and exploring additional opportunities, including workshops, branded fitness challenges, and pilot studies to evaluate member engagement.

Sincerely,

Signed:

Maria L. Santos

Subject: Letter of Intent for Brand Collaboration

Dear Mr. Barry,

NutriBoost PH Inc. expresses its intent to collaborate with **FitBT Innovations PH** as a strategic brand partner. We aim to leverage your AI fitness platform to promote our nutrition supplements and healthy meal plans to a highly engaged fitness audience.

We are particularly interested in integrating NutriBoost products into FitBT's nutrition tracking system, in-app meal recommendations, and branded workout challenges. This partnership will allow users to receive AI-generated nutrition guidance while promoting our products in an educational and user-friendly way.

Proposed Collaboration Details:

1. Inclusion of NutriBoost-branded meal plans and recommendations within the FitBT app.
2. Co-branded in-app challenges with reward points redeemable for NutriBoost products.
3. Sponsored content placement for monthly wellness tips and nutrition guides.
4. Affiliate commission for every product purchase initiated through the app.

We are excited to explore this collaboration and jointly enhance user engagement while promoting health and wellness. We look forward to negotiating terms for a formal agreement.

Sincerely,

Signed:

Daniel R. Velasco
